TO WHOMSOEVER IT MAY CONCERN

This is to certify that the building structure of "Modern School "at Vasant Vihar, Poorvi Marg, New Delhi- 110067, confirms to the requirements of relevant Indian Standards Codes- IS:456-2000, IS:1893(Part 1)-2016 and National Building Code-2016 in respect of 'structural safety and serviceability' in general and natural hazards including earthquake in particular. The building is structurally stable.

The school would do well to get technical assessment of structure periodically after three years or whenever required for structural safety, if then so counseled.
